

Minelab Manticore high-power metal detector

255547

MANTICORE with Multi-IQ+ is the most powerful, fastest, and precise metal detector in Minelab’s history.
 The heart of MANTICORE is its super-charged Simultaneous Multi-Frequency (MULTI-IQ+) engine. This feat of innovation generates an incredible 50% power increase over the best-selling detector series of all time: EQUINOX. When combined with advanced 2D Target Identification (ID) and rich audio options, the detectorist has every bit of vital information arriving at their eyes and ears. THE MANTICORE is an unrivalled detecting experience that pushes the boundaries of detecting to deliver more power, more depth, and more finds.

PRODUCT DETAILS

MULTI-IQ+ TECHNOLOGY
Minelab's revolutionary Multi-IQ+ technology has 50% more power than traditional models and is the highest-powered simultaneous multi-frequency machine on the market.

ADVANCED TARGET ID
Hear and see your targets thanks to the advanced 2D target ID map and rich audio options. Enhanced discrimination allows you to quickly and accurately find your desired targets amongst trash.

ALL TERRAIN
Search every type of terrain thanks to 10 Search Modes including All-Terrain for inland detecting, Beach for sand, surf and seawater zones and Goldfield for gold nuggets. This treasure finder is waterproof up to 5 meters (IP68).

LIGHT & COMPACT
Easily use this professional metal detector equipment for long periods thanks to the ultra-lightweight, compact design that folds down from 144 cm to 63 cm.

AUDIO & LIGHTING
Customizable audio controls help identify targets confidently and reduce noise. The daylight may have
