255535

SRP 299,00 €

Advance your hunting to the next level. GO-FIND 66 is a serious, high-tech detector. It delivers precision, performance and maximum depth to unearth more treasure. Packs in a load of excitement and adventure, too. Hunt like a pro today.

PRODUCT DETAILS

SUPERIOR PERFORMANCE
Advance your metal detecting to the next level. The GO-FIND 66 is a serious, high-tech detector. Its advanced technology and innovative features deliver precision, performance and maximum depth to help you unearth more treasures.

ADVANCED TARGET ID
Auto ground-tracking reduces noise interference and maximizes target signals. Know treasure from trash thanks to the Treasure View feature that lights up to tell you what's trash or treasure.

LIGHT & COMPACT
Portable and easy to transport, the entire detector collapses and conveniently folds to fit into luggage or backpacks. At just 1.06 kg, it's one of the lightest, high-performance detectors around. No assembly required.

Easy-Trak Automatic
Auto ground-tracking reduces noise interference and maximizes target signals.

Treasure View
Red = iron targets, likely trash. Green = non-iron targets, possibly treasure!

GO-FIND APP
Free to GO-FIND 66 users, this smartphone app transforms the way you detect, allowing you to listen to your favorite music, instantly share your finds online and more.
