

Minelab X-TERRA PRO waterproof metal detector

255536

SRP 379.99 CHF

Stand out from the crowd and step-up your detecting game with the all-new X-TERRA PRO treasure detector by Minelab. Out of the box, simply set your detector to match your terrain with Park, Field and Beach Search Modes and leave all the hard work up to the detector to start unearthing the treasure you seek. As your skills improve, X-TERRA PRO offers room to grow with PRO-SWITCH (Switchable Frequency Technology), so you can set it to 5, 8, 10, or 15 kHz at the press of a button and take control of any environment or situation that comes your way. Fully IP68 waterproof to 5 m and loaded with features like 5-audio modes, control pod flashlight, and handgrip vibration you'll be detecting like a pro from the moment you start swinging.

PRODUCT DETAILS

PRO-SWITCH TECHNOLOGY
There's deep and then there's Minelab deep. Driven by the enhanced Pro-Switch engine, the X-TERRA PRO machine gives you the power to switch frequencies so you can detect targets deep anywhere, in any condition.

FULLY WATERPROOF
Don't stop your search at the beach or the bank. This coin and treasure finder is fully waterproof and submersible up to 5 m so you can find gold, silver, jewelry, coins and other treasures underwater.

DETECT MODES
Easily select from Park for high-trash areas, Field for fine coins and artifacts or Beach for sand and saltwater. When the daylight ends, your search doesn't have to thanks to the built-in flashlight, back lit keypad and hand grip vibration.

LIGHT & COMPACT
The lightweight design of 1.3 kg is easy to operate, allowing you to enjoy long detecting sessions comfortably in any environment. Plus, it packs down to a 63 cm and can fit in most backpacks.

USER-FRIENDLY INTERFACE
The large LCD screen and intuitive interface are designed for both novices and experienced explorers, allowing for easy setup for beginners and quick adjustments for more experienced users.

AUDIO CONTROL
The sound of treasure has never been clearer with audio tone options that allow you not only to distinguish between trash and treasure, but gage target size and depth underground (compatible with wireless and wired headphones).

Scope of delivery

- X-Terra Pro Metal detector
- Charging cable
- Manual
- Quick start guide

Specs

Product Attributes

EAN:	0811493017709
Manufacturer number:	3707-0001
Product weight:	1.3 kilograms

Technical specifications

Search modes:	Park, Field, Beach
Custom search profiles:	6
Operating frequencies:	Park and Field: 5, 10, 15 | Beach: 8
Noise cancel:	Auto (19 Channels)
Ground Balance:	Auto, Manual, Tracking
Sensitivity:	1 to 25
Target volume:	0 to 25
Target tones:	l, 2, 5, All Tones (At), Depth (dP)
Threshold Level:	0 to 25
Threshold Pitch:	Fixed
Target identification:	119 ID's | Ferrous: -19 to 0 I Non-ferrous: 1 to 99
Vibration indication:	On, Off
Recovery speed:	1 to 3
Pinpoint mode:	true
Discrimination segments:	30 (4 Target ID's per segment)
Depth Indicator:	5 Levels

General

Battery type:	Built-in
Battery capacity:	5100
Battery life:	12
